GOVERNMENT OF MADRAS

Received 2 MAR 1943 .1943 Registered 1 MAR 1943 .1943

Abstract

Survey - Frontier boundary - Mysore - South Kanara - Inspection by the District Forest Officer South Kanara - Postponement for the duration of the war - Ordered. — G.O.

REVENUE DEPARTMENT

G.O.NO.MS.233. Dated 6th March 1943.

Read:G.O.Ms.971.Rev. dated 13-5-1929
G.O.No.Ms.1760.Rev., dated 14-8-1936.
From the Chief Conservator of Forests, Ref.No.816/43-D1, dated 4-2-1943.

O R D E R:

A copy of the letter from the Chief Conservator of Forests read above is forwarded to the Board of Revenue. In the circumstances reported the Government approve the proposal to defer for the duration of the war the inspection by the District Forest Officer, South Kanara, of the boundary between Mysore and South Kanara where it marches along reserved forests. The boundary should, however, be cleared and inspected by the Range Officer.

GOVERNMENT OF MADRAS

No.234. REVENUE DEPARTMENT

From

V.S. Hejmadi, Esq., I.C.S.,
Secretary to the Government of Madras.

To

The Secretary to the Hon'ble the Resident in Mysore.

Dated, Madras,. the 6th March 1943.

Sir,

Survey - Frontier boundary - Mysore - South Kanara
Inspection - Postponement for the duration of the war.

The frontier boundary between Mysore and South Kanara should be cleared once in every three years with reference to the arrangement approved in G.O.Ms.971.Revenue, dated 13-5-1929 Approximately one third of the work in respect of the boundary on the Madras side, is being done annually. Owing to work connected with the war the District Forest Officer, South Kanara is unable to undertake the inspection of the boundary where it runs along the reserved forests. I am to state that in the circumstances the Government approve the proposal of the Chief

Conservator of Forests, Madras to defer the inspection of the boundary by the District Forest Officer, South Kanara for the duration of the war. The boundary will, however, be cleared and inspected by the Range Officer.

Your obedient servant,

V.S. Hejmadi

Secretary to Government.

CVG

Copy of letter from the Chief Conservator of Forests No.816/43-D1, dated 4-2-1943.

Survey - Boundaries - Frontier boundary between Mysore and South Kanara - Inspection of during 1942-43 - Postponement requested.

--

With reference to G.O.No.971.Mis.Revenue dated 13th May 1929, the frontier boundary between Mysore and South Kanara should be cleared once in every three years, and approximetely onethird of the work is being done annually. In accordance with the above arrangement the boundary line to be cleared and inspected during 1942-43 is about 55 miles. In connection with the supply of timber and sleepers to the Military Department extraction on a large scale is going on both in Reserves and Unreserves and the several centres of work are scattered throughout the division. As both the District Forest Officer and his Assistant have to visit the extraction areas frequently and inspect and pass the timber and sleepers extracted it is not possible to undertake the inspection of the boundary without detriment to the war timber work. I, therefore consider

that, with reference to the instructions issued in Government Memorandum No.24707.H/42-1,Dev., dated the 2nd November 1942 the inspection of the frontier boundary between Mysore and South Kanara can be deferred for the duration of the war without misgiving. I request that Government be pleased to approve the suggestion. The boundary will be cleared, as usual, and inspected by the Range Officer.

OFFICE OF THE
8 JUL 1946
MADRAS

Refce.No.3794/46-D1 dated the 3rd July 1946.

SUBJECT:-Survey -Frontier boundaries between South Kanara and Mysore Inspection by the District Forest Officer or his Assistant Existing practice - continuance of-proposal - submitted.

Reference:-G.O.No.MS.233, Revenue dated 6-3-46.

In the Government Order cited, the Government were pleased to approve my proposal to defer for the duration of the war, the inspection by the District Forest Officer, South Kanara, of the boundary between Mysore and South Kanara where it marches along Reserved Forests: the boundary, however, being cleared and inspected by the Range Officer. Accordingly the Mysore South Kanara boundary lines were inspected by the Range Officers concerned till 1945-46.

2. Now that the war is over the existing practice ought to revert to the old one, viz., inspection by the District Forest Officer or his Gazetted Assistant.

3. The length of the line to be inspected annually is about 64 miles. The District Forest Officer, South Kanara has submitted a proposal for the continuance of the existing practice. A copy of his report with a copy of the Conservator's forwarding letter is submitted herewith. In the circumstances reported by the District Forest Officer and recommended by the Conservator I request that Government be pleased to sanction the continuance of the existing practice, till the South Kanara Division is bifurcated, subject to the condition that 10% of the boundary line in each range will be checked by the District Forest Officer or his Gazetted Assistant and at least half of the check will be done by the District Forest Officer himself, the District Forest Officer being held responsible for the entire inspection.

4. The question of bifurcation of the South Kanara Division is under consideration and proposal regarding that will be submitted separately in due course.

for Chief Conservator of Forests.

Copy to the Conservator of Forests, Ootacamund Circle, Ootacamund.
" District Forest Officer, South Kanara.

Enc:-Copy of reports.
DKS/4.7.

Enclosures.

Copy of letter R.O.C.No.860/46 dated the 27th March 1946 from the Conservator of Forests, Ootacamund Circle, Ootacamund, to the Chief Conservator of Forests, Madras.

Subject:-Survey - Frontier boundaries between South Kanara and Mysore - Inspection by the District Forest Officers or his Assistant.

I enclose herewith a copy of the South Kanara District Forest Officer's Ref.No.931/46-D, dated 12th March 1946.

2. I consider that for the District Forest Officer personally to do so much of the frontier boundary inspection would seriously affect unduly with his other important works in the Division. The District Forest Officer's proposal may be approved, subject to 10% of the boundary line in each range being checked by the District Forest Officer or his assistant and at least half of the check being done by the District Forest Officer himself, and the District Forest Officer continuing to be responsible for the entire inspection.

(P.T.O

12 ✓

Enclosure

Copy of R.C.No.931/46-D, dated 12-3-46 from the District Forest Officer, South Kanara to the Conservator of Forests, Ootacamund Circle.

The Mysore-South Kanara boundary lines were inspected either by the District Forest Officer or by Assistant Conservator of Forests till 1941-42. In 1942 it was represented to the Chief Conservator in this office R.C.No.1821/42 dated 30th December 1942, that it may not be possible either for District Forest Officer or his Assistant to inspect the Mysore - South Kanara Boundary line, due to the large and urgent timber supplies for the Army.

2. The Government in their order No.MS.233, Revenue Department dated 6-3-1943 have approved the Chief Conservator's proposal to defer for the duration of the War, the inspection by the District Forest Officer, South Kanara, of the boundary between Mysore and South Kanara where it marches along Reserved Forests though ordered that the boundary should however be cleared and inspected by the Range Officer.

3. Accordingly the Mysore South Kanara boundary lines were inspected by the Range Officers concerned till this year 1945-46.

4. Orders are solicited whether the inspection of the boundary lines hereafter by District Forest Officer or by Assistant Conservator of Forests is to be resumed. The length of the line to be inspected annually is about 64 miles and in view of the division being very extensive when a District Forest Officer, hardly finds time enough to inspect more legitimate and important works, I think the existing practice may be allowed to continue. In case it is considered very desirable that some check by a Gazetted Officer is necessary, I think it shall suffice if it is ordered that 1/10 of the line to be cleared annually is checked by the District Forest Officer or the Assistant Conservator of Forests.

Read the following:-

G.O.No.971 Revenue, dated 13th May 1929.
G.O.No.1760 Revenue, dated 14th August 1936.
G.O.No.233 Revenue, dated 6th March 1943.
From the Chief Conservator of Forests, Reference No.3794/46-D1, dated 3rd July 1946.
From the Board of Revenue, L.Dis.F.2624/46, dated 18th July 1946.

*****

O R D E R:-

The Government approve the proposal of the Chief Conservator of Forests to defer, till the South Kanara Forest Division is bifurcated the inspection by the District Forest Officer, South Kanara, of the boundary between Mysore and South Kanara where it runs along reserved forests subject to the following conditions:-

(i) the boundary should be cleared and inspected by the Range officers concerned;

(ii) ten per cent of the boundary line in each range should be checked by the District Forest Officer or his Gazetted Assistant; and

(iii) at least half of the checking should be done by the District Forest Officer himself. The District Forest Officer will be held responsible for the entire inspection.

2. The following letter will be sent to the Secretary to the Hon'ble the Resident in Mysore.

(By Order of His Excellency the Governor).

V. S. Hejmadi,
Secretary to Government.

Letter No.1964.

From

V. S. Mejmadi Esq., I.C.S.,
Secretary to the Government of Madras,
Revenue Department.

To

The Secretary to the Hon'ble the Resident in Mysore,
Bangalore.

Dated Fort St. George, the 28th August 1946.

Sir,

Survey - Frontier boundary - Mysore - South Kanara - Inspection - Postponement - My letter No.234, dated 6th March 1943.

****

I am to invite attention to my letter quoted above and to state that as the South Kanara Forest Division is very extensive, the District Forest Officer, South Kanara is unable to attend to the inspection of the entire boundary between Mysore State and South Kanara. He has also to inspect more important works. The Chief Conservator of Forests, Madras, has therefore proposed that the inspection of the boundary by the District Forest Officer be deferred till the South Kanara Forest Division is bifurcated subject to the following conditions:-

(i) the boundary should be cleared and inspected by the Range Officers concerned;

(ii) ten percent of the boundary line in each range should be checked by the District Forest Officer or his Gazetted Assistant; and

(iii) at least half of the checking should be done by the District Forest Officer himself, the District Forest Officer being held responsible for the entire inspection.

In the circumstances stated above, this Government have approved the proposals of the Chief Conservator of Forests, Madras.

Your obedient servant,

P. Krishna Ayyar.

For Secretary to Government.

P.R.N.28/8/46.
